

# DOSING FEEDER

Achieve superior water clarity with the Maxer Dosing Feeder. This robust automatic chemical feeder features an adjustable control dial for precise dosing, allowing you to tailor the output to your specific pool or spa requirements. Built from high-quality, corrosion-resistant materials, it offers a reliable, low-maintenance solution for modern filtration systems.

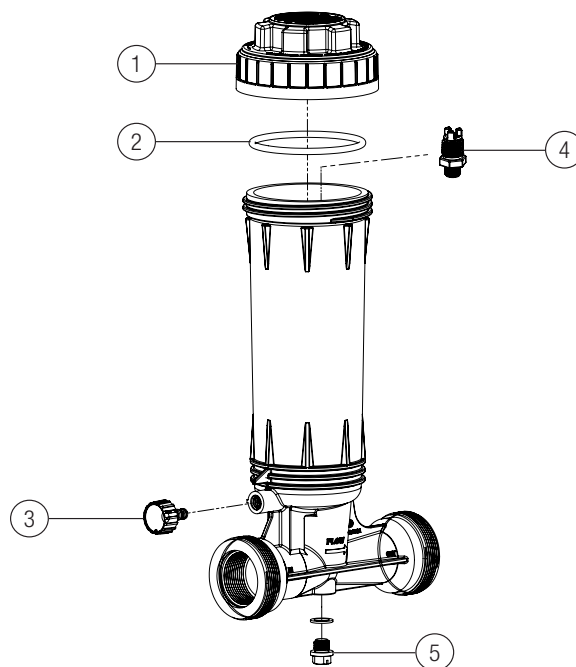

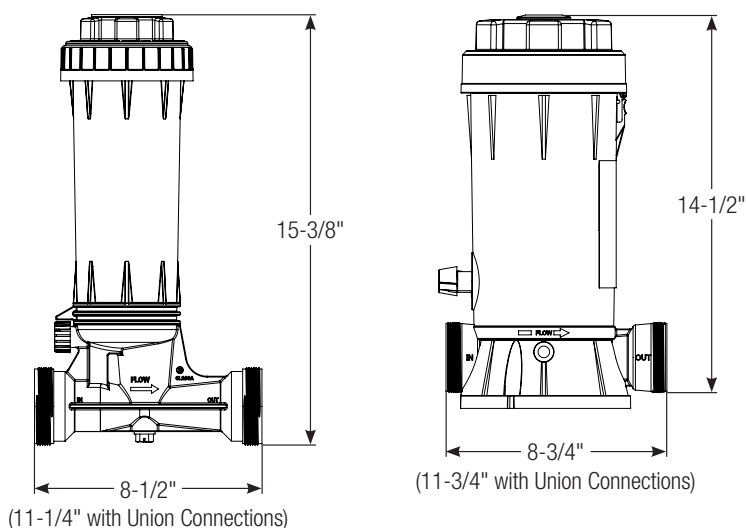

## Maximum Rated Output

| Control Position | Chlorine Pounds Per Day |
|------------------|-------------------------|
| Pool 100%        | 2.30                    |
| Pool 50%         | 0.63                    |
| Spa 100%         | 4.60                    |
| Spa 50%          | 0.48                    |

## Materials

1. Cover
2. O-Ring
3. Control Knob Assembly 1
4. Check Valve Assembly 1
5. Drain Plug with Gasket

| Model | DESCRIPTION (Pounds) |
|-------|----------------------|
| GDF1  | 4.2                  |
| GDF2  | 9                    |
