HEATPUMP

Experience the ultimate peace and quiet with MAXER HEATER. Thanks to patented airstream technology, it operates as quietly as a refrigerator.

At the start of the season, MAXER HEATER runs at full speed for rapid heating. As it nears your set temperature, it automatically slows down for maximum efficiency and silent operation, reaching a COP of up to 16.

Performance Curve

COP UP TO 16

69% Less energy consumption that ON/OFF Heat Pump more than double energy saving

AIR OPERATION -15°

Strong output under harsh condition
